

Architecture and BIPV: contradiction or accordance?

Dieter Moor

CEO Marketing and Sales, ertex solar

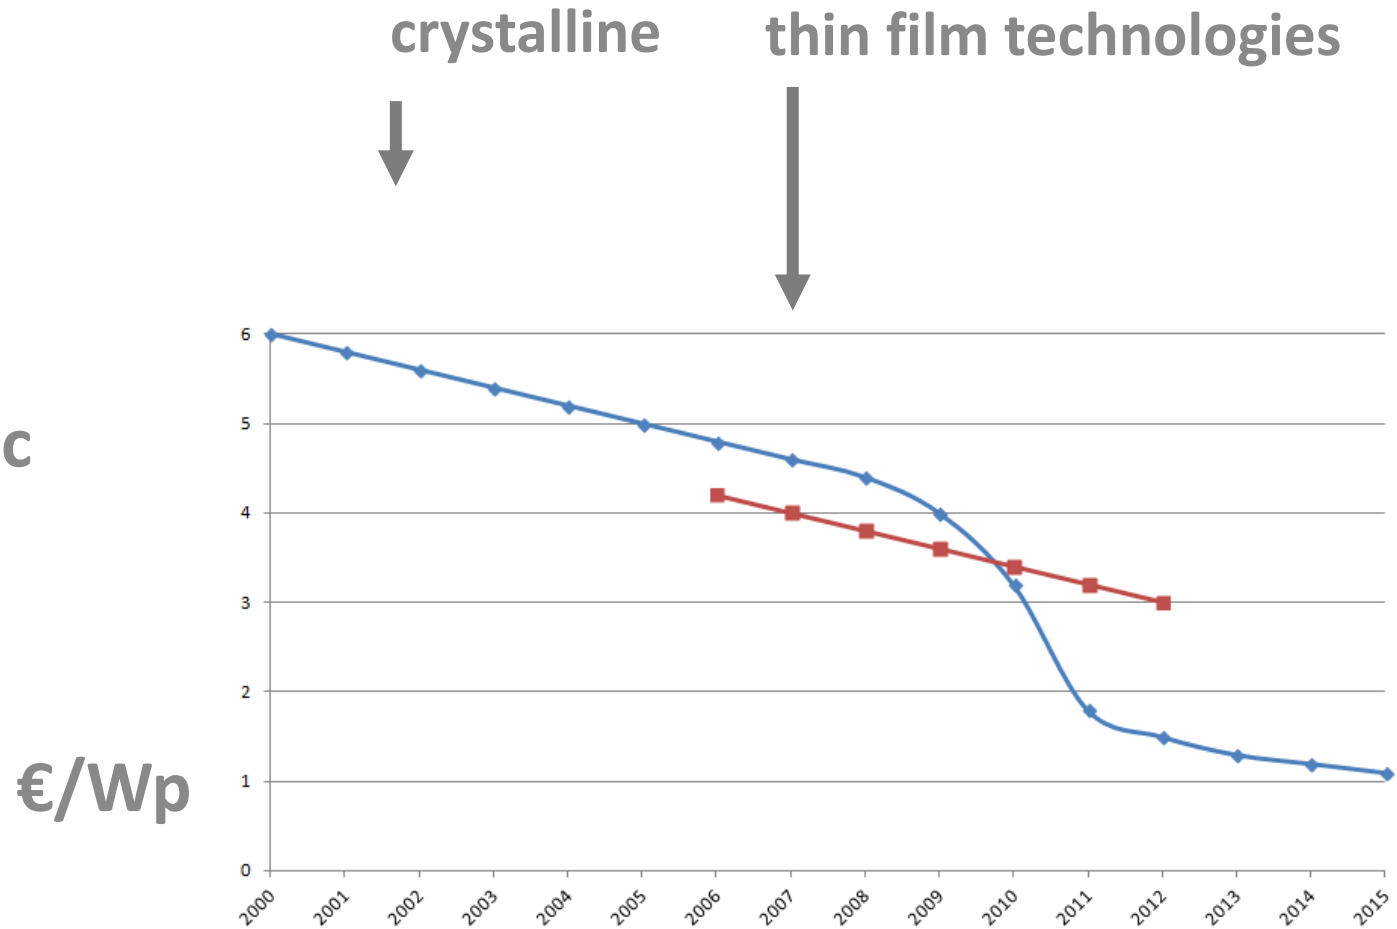

8th July 2015 | RIBA | London

Contradiction

- market offer and market development
- material and design solutions
- complexity and regulations

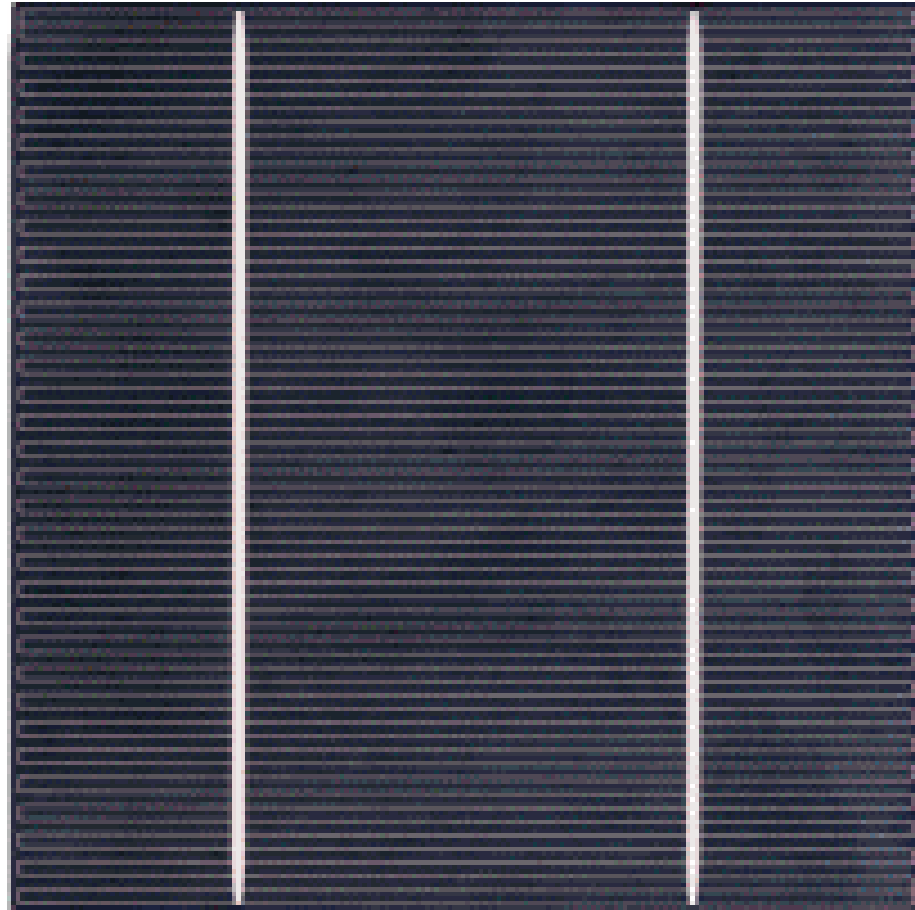

market offer and development

- framed
- fixed size
- FIT driven
- massproduct
- „new“ technic

material and design solutions

- stone
- metall
- timber
- bricks
- PV?

complexity and regulations

- IEC certification as PV product
- certification as a building material
 - DIBt → Germany
 - MCS 017 → UK
 - CSTB → France

is there room for

Accordance

means to try the best in terms of

- size
- color
- shape
- function
- certification
- system solution....
