

# **5<sup>th</sup> General Assembly**

**18 June 2010**

**Toledo, Spain**

## Future actions

---

### **Work together with EC, member states, and private sector (EPIA) on further shaping the Solar Europe Industry Initiative:**

- contents (priorities)
- financing (quantity & quality)
- modes of (co)operation
- communication
- monitoring

## Future actions

---

### **Continue to be the independent reference for photovoltaics:**

- collect, develop and communicate high-quality information
- develop and implement joint strategies and approaches (e.g. financing, update Strategic Research Agenda)
- establish effective interactions with other technology platforms, initiatives and partnerships

## Future actions

---

**Contribute to the success of photovoltaic technology and the European stakeholders involved**

# Closing

---

**Thank you for being here**

**Success in your work**

**Have a safe trip home**
